## Series 9, 2021

# SPEAKERS' CORNER

Organised by Solome Mair & Jill Clarke

The third lecture in this series is re-scheduled from Series 4 when the lecture was cancelled.

U3A lectures are for members only.

We regret we're unable to welcome visitors to our lectures – to do so would be unfair to those on the waiting list.

**1<sup>st</sup> Nov From Where I Sat** *Rosemary Riddell LLB, LTCL*

Rosemary will speak about her years as a judge, the highs and the lows, the funny and the sad, the hopeful and the hopeless. The parade of people that Rosemary dealt with on a daily basis gave her a unique insight into human nature and, from that experience, Rosemary will set out her own views on how the justice system should be changed or modified.

**8<sup>th</sup> Nov The History of Frontal Lobotomy.** *Professor Michael Colombo PhD*

In my talk I will trace the history of frontal lobotomy from the early studies of Egas Moniz to the later dramatic work of Walter Freeman. I will discuss the conditions that gave rise to this dramatic procedure, and the conditions that eventually led to its demise in the 1950s.

**15<sup>th</sup> Nov The Beatles: A Short History in Four Parts** *Assoc Prof Robert Burns PhD*

To cover the career of what might be regarded as the most influential pop group in the twentieth century in an hour would be impossible. However, I have chosen four pivotal eras in which the band made changes to their image and sound, song writing, business structure, and their ultimate demise. The talk will include videos and unheard tracks and will hopefully prompt audience participation with questions at the end of the presentation. You may even wish to sing along with some tracks!

**End-of-year afternoon tea:** Please join us for a special end-of-year afternoon tea following the lecture on 15<sup>th</sup> November.
